

PEAK™ plus 316LSi MIG Wire Stainless Steel

DC+ Current

Features

- Meets EN ISO 14343-A: G 19 12 3 LSi
- Weld metal is austenitic structure with 19%Cr-12%Ni-3%Mo
- 2-3% molybdenum improves pitting corrosion resistance of the weld deposit
- 0.02% carbon content increases resistance to intergranular corrosion
- High silicon level for increased weld puddle fluidity and toe wetting
- Ideal for welding chemical vessels, high pressure piping and tubing
- Can be used in welding positions
EN ISO 6947:PA/PB/PC/PE/PF/PG

Typical Analysis of all Weld Metal (Wt.%)

% C	% Si	% Mn	% P	% S	% Cr	% Ni	% Mo
0.02	0.74	1.62	0.012	0.009	18.54	12.33	2.31

Recommended
Energas Shielding Gas

- ARCAL™ Chrome

Mechanical Properties

Tensile Strength N/mm ²	Yield Strength N/mm ²	Elongation %
550	380	39

Ordering and Packaging Information

Diameter	15kg Plastic Spool
0.8mm	RAD54000054
1.0mm	RAD54000055
1.2mm	RAD54000056

Typical Operating Procedures

		Current (Amps)		
Gas type	Polarity	0.8mm	1.0mm	1.2mm
M12-ArC-2	DC+	40-120	80-160	100-210

ENERGAS

an Air Liquide company

ENERGAS

Your local gas and equipment experts

- Comprehensive range of welding & engineering supplies from world leading manufacturers
- Welding machines & plasma cutting equipment for sale or hire
- Welding consumables including MIG wire, TIG wire, electrodes & Sub-arc wire
- Industrial Gases equipment - regulators, hoses, trolleys, brackets
- Fume Extraction Solutions for both fixed and on-torch fume extraction
- Abrasives incl. slitting, cutting & grinding discs, abrasive sheets, rolls & carbide burrs
- Power & hand tools
- Welding machine calibration, service and repair
- Workshop machinery incl. Air compressors, pillar drills & welding positioners
- CP7 Gas equipment safety checks
- Comprehensive range of gases for welding and cutting in varying package types and size to suit your operational needs
- LPG for forklifts, cutting, heating and cooking

We also supply everything you and or your employees/students need to weld safely and comfortably:

Welding Helmets

(PAPR) Powered
Air Purifying
Respirators
